

*May St Patrick  
Bless Us*

*17 March 2020*

*St. Patrick you're the patron dear  
Of lands and towns both far and near.*

*You rid the Irish isle of snakes,  
We know you're blessed with what it takes.*

*And since we find it so undesirous,  
Please rid our land of coronavirus.*

.....

*Until that dearly longed for instance,  
Wisely keep your social distance.*

*Love,  
Ole Dan*
